

Consolidation: internet research

Task

1. Choose which of the two questions you would like to gather information for:
 - a) Why are some people nowadays deciding not to get vaccinated (or not to get their children vaccinated)?
 - b) What does the JCVI (Joint Committee on Vaccination and Immunisation) do?
2. Summarise the information as clearly and comprehensibly as possible so that you can share it with your classmates.

Suggested Links

You can find information for your internet research on the following pages:

- a) Why are some people nowadays deciding not to get vaccinated (or not to get their children vaccinated)?
